

## **The Monadology**

∞ Infinite Monad Theory by philosopher  
Gottfried Wilhelm Leibniz.

§ 102. The purpose of this section is to provide for the orderly and efficient administration of the affairs of the State, and to ensure that the public interest is served in the management of the State's resources. This section shall be construed liberally to effectuate its purpose.

§ 103

§ 103. The State shall have the right to regulate the use of its lands and waters in order to protect the public health, safety, and general welfare. This right shall not be construed to deprive any person of the reasonable use of his property.

§ 104

§ 104. The State shall have the right to regulate the use of its lands and waters in order to protect the public health, safety, and general welfare. This right shall not be construed to deprive any person of the reasonable use of his property.

§ 105

§ 105. The State shall have the right to regulate the use of its lands and waters in order to protect the public health, safety, and general welfare. This right shall not be construed to deprive any person of the reasonable use of his property. (§ 396, § 900).

§ 106

§ 106. The State shall have the right to regulate the use of its lands and waters in order to protect the public health, safety, and general welfare. This right shall not be construed to deprive any person of the reasonable use of his property.

§ 107

§ 107. The State shall have the right to regulate the use of its lands and waters in order to protect the public health, safety, and general welfare. This right shall not be construed to deprive any person of the reasonable use of his property.
