Figure 1.

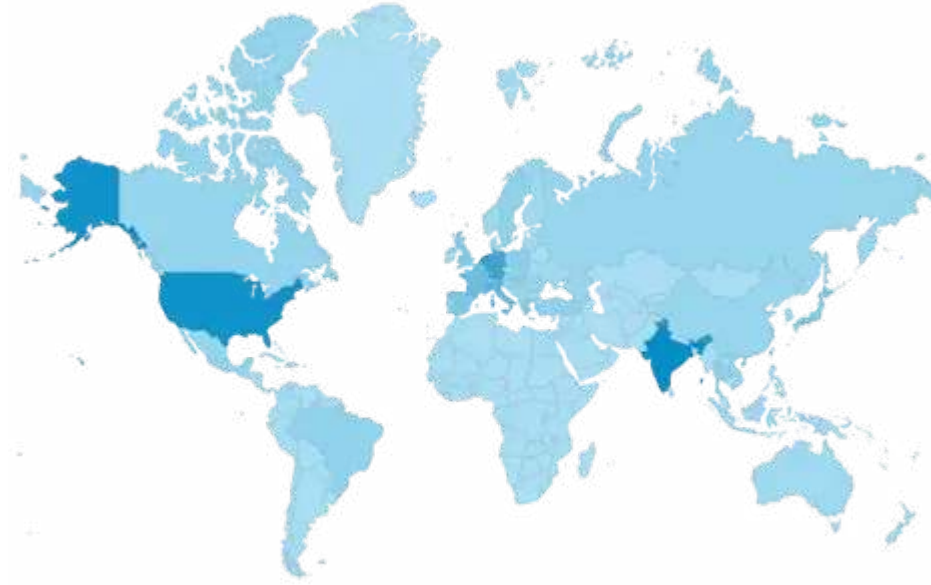

Figure 1. Clean scooter distribution in 2021

Figure 1 shows the distribution of clean scooters in 2021. The map is color-coded by country, with darker shades of blue indicating higher density. The United States, China, and India are the most prominent countries shown in dark blue, indicating a high concentration of clean scooters. Other countries like Germany, France, and the UK are shown in lighter shades of blue, indicating a lower density.
